Seasons In The Sun  
Volume 23

Three Beautiful Gifts:  
God's Love  
Human Love  
And Memories . . . .

Our lives are like the journey of  
the sun: We dawn at birth, rise  
to greater knowledge in our youth  
and look back on the memories  
in our later years.

## Dedication

We the Senior Class  
Dedicate this annual to  
our friend and classmate.  
Rochelle, who only with  
us for a short time,  
implanted in our hearts  
memories which will  
last forever.

Rochelle Anne  
Halsrud  
1962-1977

With a Cheery smile and a wave of the hand,

She has wandered into  
an unknown land, and  
left us dreaming how  
very fair It needs must  
be, since she lingers  
there; So think of her  
faring on, as dear in the  
love of there as the  
love of here. Think of  
her

Still as the same, we say; she is just away.

**Class Motto:**  
Think of yesterday;  
Dream of tomorrow,  
But live for today

**Class Flower**  
Red And Yellow Roses

**Class Sponsors:**  
Mrs. Beach  
Mr. Larson

**Class Colors:**  
Ivory  
And  
Greens

The seniors would like to give special thanks to our sponsors, who have helped us through the years. We would also like to thank our fellow TR students who send us on our way today with memories to cherish tomorrow.

# 1980's Class Prophecy

## SENIOR CLASS PROPHECY

This is Dan Bennett, your Romeo reporter for TRHS TV News from Channel 2, covering up-to-date news of 1990. I'd like to announce that I have just won an Emmy for my singing commercial about Meow Mix.

Now for the National News.

Steven Thilges just won the coveted Mrs. Olson award for inventing unbreakable test tubes and for his best selling novel, "The Right Way To Do Everything."

It was announced tonight that Gary Berte was drafted to the N.B.A. The National Ballet Association feels honored to have this distinguished and talented ballet dancer as a member of their organization.

Denise Hacker, known as "D," the multi-millionaire, just opened her 375th store in the world's largest grocery store chain known as the Dainty D's. So much for big news.

The Humboldt Hospital changed its name today to the Hundertmark Helpless Hospital due to the fact that its biggest client is Brett. It is reported, he just bought up 75% of its stock. Brett has just hired as his private physicians, Doctors Brian and Angie McCullough. Brian still can't figure out a blood bank from the oil filter, but he's trying.

As for the marriage scene.

One time single—Judy Malkmus has been keeping Hundertmark's Helpless Hospital in business, in her contribution of fourteen kids. She has stopped the declining enrollment at TR. When asked if it was rough Judy replied, "Ha, it's routine."

A grand opening will be held tomorrow at the new Mr. Cool Mirror Factory, owned by Randy Bakken. Due to over-exertion Mr. Bakken will not be present but there will be a reflection of his image.

Construction Contractor Bruce Rongved has just finished building his 6th low income housing unit for married students still in school.

One of our roving reporters today interviewed Russ Miller at the School for the Blind. He has been appointed Drivers Education Teacher. His comment was, "These students aren't as nervous as students who can see." As a hobby, Russ has started a boxing program at the school. This program, of course, is for the Blind only. Russ has had 13 knockouts, and hasn't recovered from any as of lately.

The Town Council announced tonight the appointment of Lori Worby to the position of Bode Town Cop, provided she promises not to tell. She won by a substantial margin—3 to 1—since she was the only one running.

In the upcoming election the Secretary of Agriculture, Penni Frederickson, who is responsible for the depres-

sion, is being challenged by Diane Christianson, who is President of Clutch Rebuilders, Inc.

In the courtroom today, Peggy Carlson, attorney-at-law for David Betz and Mark Collins, attorney-at-law for Dan Betz are handling the dissolution of their partnership in the Betz Tobacco Farm. Both clients had to be removed from the courtroom because of a spit fight. The judge, Diane Hansen, was temporarily blinded after being hit in the eye by a snoose wad.

Because of the drop in hog prices, Jeff Helvick's multi-million dollar hog set-up faces severe financial difficulty. He is down to his last pig and is hanging on by the tail.

Now for the weather.

It looks like there's a possibility of an electrical storm tonight. Our new weather girl, Toni Fuhrman's hair just frizzed. Her assistant in meteorology, Barbara Lynch was testing a new lightning rod, which works. My, Barb, you have a nice tan.

Now for a look at the sports news.

Jeff McKibban has just won the wrestling championship belt of the Armed Forces. Next Wednesday night he will defend his title against the Navy Champion, Erin Andersen. This fight will be rated R. No one under 17 will be allowed without parent or guardian. Root beer and crackers will be served after the match. Sources have it that Jeff has already tapped the Barrel.

Last night Sporty Shorty Hundertmark, also known as Evil Knievel the second, successfully jumped ten cornshellers on his motorcycle, using a cob pile ramp. When asked if he'd do it again he answered, "Shucks, No."

Our local distance runner, Gary Bordwell won the Olympic 26 mile Marathon. The judges questioned his time as he was reportedly seen at Sister Bobs, the local pub, having a cool one. The owner and proprietor Bob Herold said Gary could not take his eyes off the new Star Attraction, "Dancing Deb Frideres."

A special news flash from the F.B.I. There is a prison riot in progress at the State Penitentiary. When interviewed about the riot, Warden Jeff Watnem replied, "You always blame me, never anybody else. You always blame me."

Police have identified the "Rainbow Romancer." The man is 28 yrs. old, dark complected and was found wearing only a brown shawl. The suspect was apprehended one mile north of Ottosen (second house on left side of road). He was identified as Craig (Finian) Banwart, and was heard asking the victim, "How are things in Gloccamora?"

## Coach's Corner

The 1979 Football Season proved to be very successful. After a slow start due to injuries our record was 0-3. We then won 5 out of our next 8 games. Hard work and desire prevailed. Our overall record was 5-4, 4-1 in the conference for the least amount of losses in the Conference since 1968. Ten players made the All-Conference Teams. Five on the First Team and five on the Second Team. We lead the conference in offensive statistics and were second in defense, averaging 40 yards a game, and giving up 155 per game.

We will miss our ten graduating seniors, Randy Bakken, Dan Bennett, Gary Berte, Dave Betz, Mark Collins, Brett Hundertmark, Jeff McKibban, Steve Thilges, Brian McCullough and Jeff Helvick. Their leadership, ability, and desire was very important in our success. We will have over 14 lettermen coming back next year, and are looking forward to another successful season.

I would like to thank Mr. Juhl and Mr. Hedrick for a job well done. Also the Cheerleaders, Band, Parents, students, faculty, alumni, and administration, for their support through the season.

## Coach's Corner

The 10 win-9 loss record did not reflect the true competitiveness of the Pirate ball club. The lack of depth and experience took its toll, when compiled with nagging injuries and foul problems. During the season the team received high praise from opposing coaches and officials for their hustle and never-quit attitude. That attitude and hustle gave the Pirates the ability to stay with or defeat any of its competitors. The graduating seniors will leave a deep void to replace and will be sorely missed.

### Coach's Corner

I think this year turned out better than I expected. The addition of two seniors at the top two weights helped us out greatly. Our underclassmen were very good throughout the season, often winning big matches under pressure. We wrestled surprisingly well at Sectionals, which shows that with another year of experience we could have some future state champs at TR. I also want to thank the loyal fans who showed up to watch us wrestle.

## Solo Mimes

## Duet Acting

## Choral Reading

This year TR speech students did an outstanding job in representing Twin Rivers at speech contests. To advance on to state competition, a student must receive a 1 rating in districts. In district large group TR advanced 4 out of 8 entries to state and in district large group, advanced 7 out of 10 entries.

Those receiving 1's at state were Kim Ziemet in Duet Acting and Interpretive Prose, Nancy Grimm in Duet Acting-Improvational Storytelling, Peg Harris in Interpretive Poetry and Penni Frederiksen in Solo Mime.

Those receiving 1's at state were Peg Carlson in Literary Program, Toni Fuhmann in Solo Mime and Julie Waechter in Interpretive Prose and Dramatic Acting.

## Coach's Corner

I believe that the team did a very good job this year in spite of its youth. The two highlights of the year would have to be our winning of the TR, GCB and Palmer triangular meet at GCB and the 440 relay team of Audrey McKibban, Julie Gales, Deanna Thilges and Sharon Berte setting a new conference relay record in the time of 56.1. I would also like to commend all those girls who stuck it out to the end of the year. The TR girls track team, in the next 2-3 years, could be some of the best ever.

## Coach's Corner

Our 1980 track season was very successful. We won five major meets: Rolfe Relays, Alta Relays, West Bend Relays, Conference Meet, District Meet. We had 5 boys advance to state in three events: Dave & Dan Betz, Randy Bakken, Dana Christianson and Robbie Foth. We placed 4th at state, 6 points out of 1st place. Our 800 meter relay team placed 1st, the 1st relay to ever win in our school's history. We also won 28 medals for the season which is also the most ever won by a T.R. team.

Our seniors did a fine job: they were Dan Betz, Dave Betz, Gary Berze, Gary Burdwell, Randy Bakken, Dan Bennett, Jeff McKibbin, Mark Collins and Brett Hundermark.

We are looking forward to our 1981 season and will be out for our 3rd consecutive River Valley Crown.

## Mr. Neiles High School Principal

Mr. Dan Neiles has attended many Colleges and Universities. He started out with his B.A. at Southern State Teachers College at Springfield, South Dakota and then he received his Masters from Northwest Missouri University at Kirksville, Missouri. Mr. Neiles is now a student at Iowa State and is taking the six year program. Other Universities he has attended were: South Dakota State University and University of South Dakota. Mr. Neiles and his wife Bev have 2 children: Magen-5 and Patrick-1. His hobbies include: Woodworking, Silver Smithing and being with his family.

## Mr. How Elementary Principal

Oil painting, running, playing golf, racquetball, reading and traveling are a few of Byron Hows hobbies. Mr. How has been elementary principal for the past 10 years. He is a native of Avoca, Iowa. He received his B.A. from the University of Iowa and his Masters from Colorado State University. His philosophy on education is: "Be positive and expect educational growth up to the student's potential."

## Mr. Smeltzer

John F. Smeltzer has been an administrator for 22 years and had been in education for over 30. He attended Redfield High School in Redfield, Iowa, his home town. He received his Bachelor of Arts degree from Central College in Pella, and then went on to graduate school at Drake University.

Mr. Smeltzer's oldest son is a graduate student at Colorado State University in Colorado. His youngest son is living in Bode with Mr. and Mrs. Smeltzer.

Mr. Smeltzer's hobbies include fishing, hunting, coin and gun collecting, inventing and music.

When deciding a question on education Mr. Smeltzer asks himself, "Is it good for young people?" He thinks this is very important as young people are the most important commodity put out by a community.

The Board of Education Chairman, Eugene Gimer, lives in Livermore with his two sons, and his wife.

He holds a BA Degree in Business Education and a Master's Degree in Education, Guidance and Counseling. His educational philosophies are, "All persons should have the opportunity for acquiring as much education as they can benefit from. Education should be based on the practical needs of the individual and should help the person meet their needs for daily living and work."

In his spare time, his hobbies include guns, motorcycles, cameras and flying.

Ron Aure, his wife Pat, and their two children make their home in rural Bode. He is a 1963 graduate of Twin Rivers and has served on the Board of Education for the past year. His hobbies include playing golf and racing snow mobiles cross country. His philosophy on education: "Each individual should be provided with the very best that is possible for his or her learning and learning should be fun and enjoyable."

The position of Board of Education Vice Chairman has been held by Archie Johnson for the last three years. He and his wife make their home south of Bode. He has three daughters and his hobbies include horses, track and basketball.

Eugene Gimer

John Berte has been a member of the School Board for 9 years. He believes that a school should have control over the students and that the students should have their say in school matters, but they shouldn't try to tell the staff and other members of the school system how to run school affairs.

John and his wife, Jane, have 7 children. He and his sons work together in the business of John Berte & Sons Construction. In his free time, he likes to go to the golf course and play a round or two.

Arlene Johnson has served on the School Board since September of 1978. She and her husband are alumni of Bode High School. They have 4 children. Her hobbies include playing the piano and organ, reading, flowers, and playing bridge.

She feels good education is a positive, constructive program of instruction for the continuing growth and development of individuals.

...And as the sun sets

The laughs, the tears, the struggles, the failures, the achievements; all rolled into the memories of our days at T.R. High. Just as the seasons pass one by one, so do the days of our youth.

But just as each season brings new horizons, so does each new day. But we treasure the memories in our hearts and minds; memories which will capture the times of our lives.

C.H.

This year has gone by like the short time from the rising to the setting of the sun. And just as people have complaints in a day's time, we had a few throughout our year. There were days that we complained, "Miss Hicks, do we have to work?" But we pulled through and finished.

I remember times when no one was able to work. I often thought to myself, "I wonder if they can't work or if they just don't want to." I never said anything though, because I can remember times when I was no where to be found either! So I just let it pass and so did the staff.

I need to give credit where credit is due. Our advisor, Miss Hicks, pulled us through many tight spots. She has done a lot for this annual and for T.R. Without her, I don't know how we would have ever finished.

I also have to give credit to the staff, and their parents. There were many days that they pulled a lot of strings so they could come and work on the annual. So, I thank them, and their parents.

Looking back over the year, I remember many of our ups and downs. I remember the times we had meetings called during noon in school. There never seemed to be anyone showing up. So I decided to investigate. I found that some were eating, some "forgot", and some were too busy with "friends." But over all, we had a fine group of students working and as you can tell by this 1980 yearbook, it paid off.
